

Opportunities Offered by MTAC Teachers

STUDENT RECITALS provide students with performance opportunities to help round out their musical development.

CERTIFICATE OF MERIT is a five-point program of music evaluation for students in elementary through high school grades. Adjudications in keyboard, strings, and voice are offered annually. Requirements are flexible enough to be met by the average student, as well as the more gifted performer. Selected students perform at branch festivals and at the annual State Convention.

SCHOLARSHIP AUDITIONS provide an opportunity for experience, public recognition and cash awards through local auditions. String and Piano categories have been established for students through high school age.

COMMUNITY RECITALS performed at retirement homes on the Monterey Peninsula provide community outreach opportunity several times a year.

TEACHER TRAINING: Our Association has a State-administered program to assist teachers to improve their professional skills in order to qualify for membership in the Music Teachers' Association of California.

MISSION STATEMENT: The mission of the Music Teachers' Association of California is the pursuit of excellence in music education, the development of musical potential and ability in students, and the maintenance of the high professional standards of our members.
